

PRODUCT IMAGES

Standard Dimensions:
Features:

- Professional grade die cast aluminum construction with powder coat finish for exceptional durability
- Fully sealed housing designed to prevent water ingress with IP66 rating
- Advanced Voltage Surge Suppression for protection from lightning strikes

Performance:

Light Source	Integrated LED
Lumens	80
Color Temperature	3000K
Input Voltage	9-15VAC
Wattage	2.6W
Input Current	0.33A@12.0V
Efficacy (LM/W)	31
Power Factor	0.7
Halogen Replacement	20W

Environmental:

Environmental Protection Rating	IP66 Wet
Ambient Operating Range	-25°C to 40°C
Storage Temperature Range	-25°C to 40°C
Expected Life	50K Hours > 75°C Tc Max

Included Accessories:

- 40" Lead Wire and direct burial gel filled wire nuts
- Installation racket

Warranty:

- Standard Year Warranty
- See www.lumenscapeltg.com/warranty for details.
